FRENCH BIRDMAN CONCEDED TITLE

Jules Vedrines Makes 105 1/2 Miles per Hour in Aeroplane Speed Contest

AMERICANS HAVE NO CHANCE

French Machines Are Lighter and Faster Than Foreign Entries

Today's entries in the international competition for the Gordon Bennett cup: American—Paul Back, Columbia monoplane; D. Lloyd Thompson, Nieuport monoplane; Howard Gill, Wright biplane. French—Jules Vedrines, Deperdussin monoplane; Maurice Prevost, Deperdussin monoplane; Andre Frey, Bleirrot monoplane. The Gordon Bennett Trophy: Value—12,000 francs. Previous winners—1909, Glenn Curtiss, American; 1910, Claude Graham-White, Englishman; 1911, Charles Torres Weymann, American. Course—thirty laps around 4:14 miles course at Clearing, Ill. Total distance—124.8 miles.

FLYING FIELD, CLEARING, ILL. Sept. 9.—Jules Vedrines, premier of French aviators, flying in his Deperdussin monoplane, was the first aviator to complete his flight against time in the Gordon Bennett competition. Vedrines took the air at 9:38 a. m. and completed the 124.8 miles of the race slightly more than an hour later. His official time for the 124.8 miles was one hour, ten minutes and 56 and 85-100 seconds. His average speed was 105 1/2 miles an hour.

The competition today was a fizzle from the American standpoint. It was admitted that the Yankees with their slower, heavier machines, did not have a chance against the French racers. Thompson and Beck, it was said, might fly this afternoon but the competition was between Vedrines and Prevost.

"What's the use of flying?" asked the American entrants in the Gordon Bennett race for the world's championship of the air. "Vedrines' time is unbeatable by any machine here," both declared Thompson and Captain Paul Beck. They will fly for form's sake, however, late this afternoon, as will Maurice Prevost, team mate for Vedrines. The intense sun has caused air pockets, making flying dangerous.

Perfect conditions for flying prevailed today when the six aviators entered in the competition for the 12,000 franc Gordon-Bennett speed trophy, carrying with it the world's championship of the air. The first contestant was due to take the air about eleven o'clock and the six aviators spent the morning tuning up their machines and practicing at steering around the great steel pylons that mark the course.

That the French, probably Jules Vedrines, will be the winner, was the general opinion today. The withdrawal of the newly constructed American defender because it could not be put into shape to start the race, it is believed killed the chances of the Yankees to hold the trophy won by Weymann last year in the western hemisphere. None of the American machines entered can make better than 78 miles an hour, it is said, while Vedrines, in yesterday's practice, attained a speed of 108 miles an hour.

TO ADMIT OLSEN

WASHINGTON, Sept. 9.—Action taken by the department of justice today practically assures rights of citizenship to Leonard Olsen, Seattle, Wash., socialist whose case led to the impeachment investigation and consequent resignation of Federal Judge Hanford of that city. Mr. Hanford denied citizenship to Olsen because he was a socialist. The case has been appealed to the federal court of appeals, but the department today agreed to a reversal of the Hanford decision, thereby avoiding a court contest.

CHICAGO HEAT KILLS 4

Hill Pays Million To Settle a Suit

ST. PAUL, Sept. 9.—James J. Hill, empire builder and the Great Northern railroad are said to have paid more than \$1,000,000 to Clarence H. Venner, New York financier, in settlement of the suits brought by the latter in St. Paul for the dissolution of the Lake Superior company, selling company of the Hill ore properties in Minnesota. Stipulations of settlement were filed in the Ramsey county district court here today by the Great Northern attorneys. Venner, who is head of the firm of Venner & Co., bankers, 33 Wall street, New York, had carried the litigation in the district court and the state supreme court and the state supreme court in Minnesota in 1907. He was victorious in settling certain legal points in both courts and was preparing through his attorney, W. G. Graves, St. Paul, to apply for a writ of injunction which would have tied up all the ore properties involving more than \$150,000,000.

FATHER OF GIRL IS HELD FOR MURDER

Parent of Child for Whose Assault Negro Was Lynched, Held to Grand Jury

THE EXCITEMENT IS INTENSE

500 Sympathizers Accompany White at Hearing; Further Trouble Is Expected

BLUEFIELD, W. Va., Sept. 9.—Gordon White, railroad foreman and father of Miss Nita White, 16, whose charge that a negro had tried to assault her, led to the lynching of Walter Johnson Thursday last, was held to the grand jury on a charge of murder today. He was released on \$10,000 bail. Five hundred excited sympathizers accompanied him to the office of Justice of the Peace Dillard, where the preliminary hearing was held.

An investigation of the lynching of Johnson, now believed to have been innocent, was begun today by a special grand jury empaneled by Criminal Judge J. Frank Maynard. It was admitted this morning that between fifty and seventy-five arrests were expected before night.

The feeling was intense today, although suppressed. Many feared an outbreak. Negroes further complicated the situation by openly condemning the lynching.

White was arrested late Saturday night and spirited to Charleston because of fear that an attempt would be made to take him from the officers. Rumors were circulated yesterday that the officers would be killed unless White was returned here.

Many ugly threats were heard today. One rumor said that no arrests would be permitted in connection with the lynching.

PLAY FESTIVAL CLOSES SEASON

Over 1,000 in Attendance at Playground Festival at Copeland Park Saturday

MEDALS AWARDED BY MAYOR

Dengler Congratulates Directors and Children; Credit Is Given Fred Dickens

The enthusiasm manifested by the hundreds of spectators at the play festival held at Copeland park Saturday afternoon leaves no doubt that the playground work which was inaugurated in La Crosse this summer by Director Fred Dickens will prove one of the greatest assets of the city, in furnishing proper environment and training for children, in years to come.

Over 1,000 La Crosse persons interested in the welfare of the children, attended the festival which far surpassed the expectations of all. Working under the orders of the directors, the children gave drills and exhibitions of play, athletic work and games which bore evidence of the high interest they take in the work and of the vast amount of good which is being derived from it.

Program

The program was opened with a march by seventy-five girls of the various playgrounds, which was conducted under the direction of Miss Clement. The girls were all dressed in white and carried hoops decorated with leaves, adding much to the beauty of the number.

The tumbling act presented by Dickens, Kulczynski, Kabat and Dean was easily the feature of the program from an athletic standpoint and was received with rounds of applause from the audience.

The program in full follows: March—Seventy-five girls. Dumbell drill—Forty boys of the Hood street and West avenue playgrounds.

Folk dancing—Danish dance of greeting, Swedish clan dance, Tantor and How Do You Do.

Indoor baseball game for city championship of Midget class between Champs of North Side Midget league and the Badgers, Champs of South Side Midget league. The north side team won, 10 to 8.

Wand drill—Girls of all playgrounds. Basketball relay game—West avenue boys defeated Copeland team. Tumbling act—Dickens, Kulczynski, Kabat and Dean.

Athletic Program. Potato race (boys)—Zube, first; Brinkman, second; Lafser, third. Fifty yard dash (midgets)—Lifser, first; Zube, second; Kinnear, third.

Sack race (boys)—Kane, first; Lafser, second; Moore, third. Potato race (girls)—Larsen, first; Dastyske, second; Krismier, third.

Fifty yard dash (girls)—First race: Meinert, first; Beranek, second; Skagen, third. Second race: Larsen, first; Krismier, second; Barren, third.

Seventy-five yard dash (boys)—Bronson, first; Bangsberg, second; Stupka, third.

Four hundred and forty yard relay race (girls)—West avenue, first; Hood street, second; Copeland, third.

Trophies Presented

Following the program Mayor Dengler presented medals to the seventy-two winners of events at the final track meet, recently held at the interstate fair grounds. He also presented several shields to class winners and winners of high points for the seasons track meets. In his presentation speech the mayor congratulated the directors and children on the marvelous work that has been accomplished this season.

Directors

While much credit is due the ground directors, Miss Amanda Clement, William Bonneville, Ralph Bradish and Marcus Byers, it is safe to say that without the able management and untiring energy of Chief Director Fred Dickens, none could have hoped for the success which has attended the seasons work.

F. H. Forrer, park superintendent, in speaking of the work accomplished by this department of the park organization, today said: "Director Dickens as a playground director has fully lived up to the high standard which I believed he would when he was engaged. La Crosse has been extremely fortunate in procuring a man of his ability to superintend the work."

Miners' Angel, 80. Wants Soldiers To Arrest Her

CHARLESTON, W. Va., Sept. 9.—Mother Jones, 80, angel of the mining camps, went down into the martial law district of Cabin Creek today to permit the military authorities to arrest her.

Word reached "Mother Jones" that the militia was waiting for a chance to arrest her on the charge of making inflammatory speeches.

"Well," said Mother Jones, "if they want the chance, I will give it to them. I would just as soon sleep in the guardhouse as in a hotel."

As soon as information reached the military camp at Pratt that Mother Jones was on the way, the order was sent up and down the Cabin Creek and Paint Creek valleys to capture her at sight.

MOTORCYCLE RACE FATAL TO SEVEN

Champion of the World Dashes from Track and Rides Over Spectators

KILLED BEFORE WIFE'S EYES

Runaway Machine Hits Electric Light Pole and Smashes to Bits

NEWARK, N. J., Sept. 9.—The death toll resulting from yesterday's accident at the motordrome, when men and boys were mowed down like wheat by Eddie Hasha's runaway motorcycle was increased today by the death of Charles E. Williams in the city hospital. This raised the death list to seven and there are several others who can hardly recover. That accident will be fully probed by the authorities, investigations being already in progress and it is generally believed that motorcycle racing will be strongly curbed in the future. Two victims, a 16 year old boy and a man, are still unidentified in the morgue.

Champion Killed

The identified dead include Williams, Eddie Hasha, motorcycle champion of the world, whose machine caused the disaster; John Albright, the noted Denver champion; Edward Fisher, 17, and Thomas Foehner, 14.

Hasha had defeated Arthur Chaplin in races at Brighton Saturday, in which all excepting world's records had been shattered and he was particularly anxious to make a good showing before the 10,000 who were on hand yesterday. He had Hay Seymour as his chief opponent and the rivalry between the two was intense. The track is circular, one-quarter of a mile in circumference with an angle of 60 degrees to aid speed. At the top there is a three foot perpendicular band; then a series of galvanized wire at right angles which keeps the bleachers back.

Hasha had lost the lead and was desperately trying to regain it. He rode far up on the track, lost control of his machine. One theory is he became blinded by the rush of the air, sped on to the wire netting for 100 feet, then shot over this and for the length of a tier of seats rode over the faces and chests of spectators. At the end he smashed into an iron electric light pole and his shattered machine was scattered all over the bleachers and track, injuring many more.

Wife Sees Death

Hasha's body nudged from the wrecked machine landed in a seat in the grand stand, a few feet from where his wife had been sitting on a few minutes previously. She, terrified by the speed, had vacated the seat and gone into the enclosure a few minutes before, and from that place saw the accident.

Mrs. Albright, however, saw her husband killed from a seat adjoining that in which Hasha's body landed. Albright's machine is supposed to have struck a piece of wreckage. They were running about forty seconds to the mile—so fast that few spectators really knew what had happened.

PAINTED BAD BILLS

CHICAGO, Sept. 9.—The most unique counterfeiting charge in the history of the Chicago secret service bureau was brought to light today when Louis Gaggmore, an artist, was arrested charged with painting ten dollar bills. Several hundred "tens" are said to have been painted by Gaggmore and to have gained circulation in several cities in the middle west.

BUTTON COMPANY AND CITY AT WAR

Dengler Orders Pearl Button Company to Remove Fence, but They Refuse to Comply

BOTH WILL FIGHT QUESTION

Controversy Over Property Near River Leads to Dispute Over New Fence

An order issued to the Wisconsin Pearl Button company by Mayor John Dengler today to tear down a fence which the company has partially erected, running parallel to the La Crosse river on the north side of the factory, brought the declaration from D. W. MacWillie, superintendent of the company, that they will not remove the fence and will resist any action on the part of the city to do so. Mayor Dengler, following this reply, said:

"The city has ordered the removal of the fence for the safety and welfare of its citizens and it will be taken down." He refused to say what steps will be taken by the city to bring about this result.

The order was issued this morning and contained statements to the effect that the erection of the fence will, in time of high water, cause the river to be harnessed in at that point, thus preventing it from spreading, and will cause damage to property below that point as well as proving a menace to the supports of the bridge crossing the La Crosse river.

Mayor Dengler today said: "The question of ownership of the property upon which the fence is being erected is now pending before the circuit court and I hold that the Wisconsin Pearl Button company has no right to build a fence upon the ground until the question has been settled. Since Mr. MacWillie refuses to remove the fence the city must do so and the board of public works has been instructed to see that it is torn down."

Mr. MacWillie, discussing the incident from the viewpoint of the company, said:

"There is no question as to the ownership of the property. It belongs to the Wisconsin Pearl Button company and the city has no right to dictate to our company in this matter. We will not remove the fence and will resist any action on the part of the city to do so."

Both Mayor Dengler and Mr. MacWillie refused to commit themselves as to the steps they contemplate taking relative to the controversy.

Son Steals Auto 3 Times In Month

Lester Schaefer was arrested this morning for the third time in the last month for stealing his father's automobile. A month ago he took the car after being forbidden to do so by John Schaefer, his father. The next day his parent, stern with wrath, had him arrested, but when the judge was about to pass sentence, declared that "the lad had had his scare and it was just as well to let him go. The judge thought differently, however, and fined his son \$5, which the father paid. Then to make sure his son wouldn't repeat the offense, he procured a lock for the garage. This, however, proved inefficient and a week later the lad was arrested again for the same offense and sent to the county jail for ten days.

Upon his release, the father chained the automobile to the floor of the garage and procured a stronger lock as an added safeguard for the auto. This morning Lester was again arrested after filling the chain and removing the car.

MERCURY REACHES 93 IN THE SHADE

Eli Galster Is Overcome by Intense Heat that Strikes City of La Crosse Today

Heat rivaling the hottest of the summer struck La Crosse today. At 3 o'clock this afternoon the thermometer at the weather bureau registered 93 and was still going up. The previous heat record for the summer was 95 degrees. This was reached on two occasions, June 29 and August 25. July 23 the mercury reached 94 degrees.

That the heat was even worse than on previous days in the down town district was declared by many. Not a breath of air was stirring and thermometers on several down town buildings registered 95 at 2:30 this afternoon.

One heat prostration was recorded for the day. Eli Galster, 67, cook at the German Village saloon, Fourth and Jay streets, was overcome while working over a stove in the saloon about 8:30 this morning. He was taken to his home, 225 1/2 South Fifth street, where his condition is reported to be serious.

The weather bureau promises relief this evening.

TAFT MAY CALL WAR CONGRESS

Rumored President Will Call Special Session to Ratify Mexican Invasion

INDIANS MAKE CASE WORSE

Yaquis on Warpath to Help Rebels; Attempt Made to Intercept American Arms

WASHINGTON, Sept. 9.—A voluminous interchange of telegrams between President Taft at Beverly and officials of the state and war departments took place today relative to the Mexican situation. The president wants definite information as to all the details of conditions both along the border and in southern Mexico and he is receiving a copy of practically every message that comes here.

If the president decides to call a special session of congress it is expected that he will make known his intention today.

Reports of a new revolt in the southern part of Mexico have been received. The telegrams were confidential and the contents were not made public.

Major General Wood, chief of staff, was at his office early after having spent most of the night in telephone communication with members of his staff. The war department has been prepared to send troops into Mexico in case the president orders an expeditionary force. It is thought the president would want action by congress before doing so.

Yaguans on Warpath

TUCSON, Ariz., Sept. 9.—A new source of danger today threatened Americans and other foreigners in the state of Sonora, Mexico, when Yaqui Indians, incited into going on the warpath by the rebels, were raiding many small towns. A band of 100 raided Realito and Empalme last night, killed two men, one woman and a child, wounded another woman and carried away one of the officials from Realito. Citizens and federal soldiers from Colonia, near Empalme, engaged the Indians in a brief fight. Five are reported killed and six wounded.

A carload of arms and ammunition shipped from Fort Sam Houston to be used by Americans reached Naco, Ariz., late. The Mexican rebels tore up several miles of track and cut all telegraph wires between Naco and Cananea Sonora in an effort to delay or prevent the arms reaching the Americans. Shortly before a train believed by the rebels to be carrying the ammunition was held up. The engine was derailed, but when it was seen the wrong had been stopped, the passengers were allowed to coast back into American territory down the grade between Cananea and Naco. Six bridges were burned near Cananea. A detachment of the Ninth cavalry is now enroute to the border from Fort D. A. Russell, Wyoming, having started last night. Other detachments left today.

SAYS MINERS USE SPIES

CHARLESTON, W. Va., Sept. 9.—Following the development that the men killed in the martial law strike zone Saturday was not a miner, Vice President Frank J. While this gives Frear a lead of thirty-three over Gilbertson, it is reported the remaining precincts of Buffalo will probably put Gilbertson finally ahead on the first choice votes, as the eleven Buffalo precincts heard from him a plurality of sixty-one over Frear.

UNIVERSITY WILL EXHIBIT AT FAIR

MADISON, Wis., Sept. 9.—Babe, the motherless hand-fed foal, who gained 4 1/4 pounds per day for two weeks in the hot part of July, is to be shown in the state fair exhibit of the College of Agriculture of the University of Wisconsin. She was never fed from a bottle but learned to drink at the first feeding. Babe is a pure bred Clydesdale which Prof. G. C. Humphrey says he should like to buy for \$300, though she is but 4 1/4 months old. A pure bred Percheron colt will also be shown with her. Their care and rationing will be explained by the man in charge of the animal husbandry booth.

BELOIT, Wis., Sept. 9.—Beloit is soon to be the center of a unique and important electrical undertaking in the form of a time service furnished by wireless telegraphy. It is the plan of Dr. C. A. Culver, who has done valuable research work in radio telegraphy at the college, to give a service that will be available to all the cities of the middle west and to boats over a large part of the great lakes. The college observatory clock will be connected with the college wireless apparatus and will be arranged to work that apparatus automatically.

PIPE ORGAN DRAWS RECORD CROWD

Walter Goetzinger, the famous blind musician, is the main attraction at the Bijou Theater. In addition to the splendid bill of motion pictures shown there yesterday, the work of this talented man on the pipe organ attracted a record-breaking crowd, hundreds who were unable to gain admission to the theater were turned away disappointed. The pipe organ itself is an instrument of great beauty, and is one of the best of its size in the country. The pipe organ as a feature of picture houses is very popular in larger cities, but there are few cities the size of La Crosse that can boast of a theater so equipped.

Mr. Goetzinger arranges a new program of pipe organ music for each change of program, and there are always pleasant surprises awaiting the picture "fan" who is a lover of music.

STATE FAIR IS READY TO OPEN

Today Milwaukee Grounds
Are in Bustle to Put Last
Touches on the Ex-
hibits

MILWAUKEE, Sept. 9.—State fair park was an exceedingly busy place on Monday. All the activity of the last ten days in receiving and arranging exhibits for display was accelerated as the exhibits, the entries for which already have been recorded, arrived by wagon and carloads, and there will be great haste to have all in place for inspection when the exposition opens formally at 9 o'clock Tuesday morning.

With the exception of two or three departments, all entries were closed by 6 o'clock Saturday night. Many exhibitors, however, did not plan to bring their exhibits to the grounds until within the last day or two preceding the opening date. This is particularly true of all livestock exhibits.

All day today the kings and queens of dairy land, the finest horses in the world, and sheep and swine that stand for the great wool and packing business of the middle west streamed through the gates to what this year is expected to constitute the greatest state exposition promoted by Badger citizens.

Race horses began arriving on Sunday from the scenes of recent activities on the various circuits. By Monday night everyone of the 200 starters are expected to be housed in the commodious speed stables.

A score or more of horses have been on the grounds for the last month. Minor Heir and Gano, the great pacers who will start double on Thursday to break the world's team record, were on the grounds early this morning, and Ned McCarr, the former Milwaukee boy, who is trainer and driver of the great team, will begin as soon as they are sufficiently rested from their journey to put them through their practice stunts.

THE CANDIDATES TODAY

Republican—President Taft spent the day at Biddeford Pool, Maine, at the home of his brother, Charles P. Taft.

Democratic—Governor Wilson was in New York for conference and two speeches.

Progressive—Col. Theodore Roosevelt is enroute from Spokane to Seattle, touring Washington.

Prohibition—Eugene F. Chaffin was enroute from Providence to Boston, where he speaks this evening.

Socialist—Eugene V. Debs left Phoenix, Ariz., late Saturday for El Paso, Texas, where he speaks tonight.

NEW YORK, Sept. 9.—After conferring a great portion of the night with Acting National Committee Chairman McAdoo, Governor Wilson continued the conference through breakfast and later at national headquarters. At the latter place Congressman Burleson of Texas, and Senator Gore were called into conference. The question was whether the governor should get actively into the fight in the middle west and it was certain from the tone of the conference that he will do so without delay.

All speakers who have been campaigning in the states of the middle

west have emphasized in their reports the desirability of the governor personally taking the stump and showing the rank and file of the voters the stuff he is made of. They have made it plain that he was badly needed in certain sections and this call will be heeded.

SPOKANE, Wash., Sept. 9.—Col. Roosevelt addressed an audience made up solely of women in opening his campaign in Washington. In explaining why he advocated equal rights at the polls, the colonel declared equal suffrage was essential if a "square deal" was to be secured.

In a speech at the Masonic Temple, Roosevelt condemned Gov. Wilson's declaration that the minimum wage plan as set forth in the progressive platform was futile. Roosevelt intimated that he looked upon Wilson as a schoolmaster who lacked practical experience.

SIoux CITY, Ia., Sept. 9.—Democratic leaders from Iowa, Minnesota, South Dakota and Nebraska will aid in the biggest political demonstration in Iowa's history, when Woodrow Wilson comes here September 17, according to plans announced today by those in charge of Wilson day arrangements.

THERE IS ONLY ONE

ISSUE IN WISCONSIN

We cannot consent to the theory

that the issue in this state is

whether McGovern is for Taft, or

Roosevelt. The issue is the en-

dorsement or rejection of McGov-

ern's record as governor.

We do not believe our good friend

Colonel Lush wants a third party

ticket in this state. We are sure

he is sure that what he calls Mc-

Govern's "affirmation of silence"

does not mean that McGovern is for

Taft, as he (Mr. Lush) says it does.

Mr. Lush, more adept than his con-

spiratory colleague, knows the one

way to get McGovern mad beyond

rational control is to charge him

with Taft sympathy. By doing so

Mr. Lush planned to trap the gov-

ern into spitting out the Roosevelt

sentiment that is in him. It worked

only half way. The governor re-

nounced Taft, but bit off his line of

talk just ahead of what Colonel Lush

expected would be the "affirmation

of speech."

We do not expect Colonel Lush

will proceed with this third-party-

state-ticket program past the point

whereat Governor McGovern finally

shows that he will or that he will not

say where he is "at." With Karel

nominated, democratic success in the

state is stalling success, and means

the destruction of all Mr. Lush and

many others have been doing in this

state for years. We cannot believe

that, knowing McGovern's real sym-

pathy with the Bull Moose, and real-

izing how certainly a third ticket

would defeat itself and McGovern,

Colonel Lush would favor such a

step. The record of Governor Mc-

Govern entitles him to the support

of all who believe in progressive

legislation. There is no other is-

ue.

THE NICARAGUA

COMPLICATIONS

For the moment at least Nicara-

gua is giving us more trouble than

even Mexico. We have sent mar-

ines to Managua, the capital, to Co-

rinto, that country's principal port on

the Pacific, and to one or two other

points, for the purpose of protecting

American life and property. This

was on the request of the govern-

ment of Nicaragua, which is serious-

ly beset by the rebels under Gen-

Mena, a former war minister. Presi-

dent Diaz acknowledges that he is

not able to give any protection to

Americans or other foreigners. The

American marines have been com-

pelled to assist Diaz's troops in de-

fending Managua, for his force was

powerless to hold it against the re-

bels if we had refrained from lending

a hand. We are sending 2,000 more

marines to Nicaragua now.

Obviously, this situation cannot

last long without compelling us to

take steps to stop the fighting and

let the Nicaraguan people hold an

election to choose their own rulers.

This course has been suggested by

Diaz, as well as by many leading cit-

izens of Managua. Diaz apparently

is not supported by a majority of the

people. The rebels are making head-

way at many points. If the Ameri-

can marines were withdrawn from

Managua it is evident that the town

would not be able to hold out a day

against Mena. The great mass of the

people of Nicaragua want peace, and

so, of course, do all of the foreign-

ers who do business in or with that

country. To our own government

peace in Nicaragua would be decid-

edly welcome. This consideration in-

clines our state department to look

with some favor upon the suggestion

by some of the people of the little re-

public that an election for president

be held there, with the United States

on guard at the polls in the princi-

pal towns, so as to insure free and

fair voting and counting.

Americans are also embarrassed

by the charge made by Diaz's sup-

porters that Mena and the rebels

have obtained 20,000 rifles and a

large supply of ammunition from the

United States. Money is said to be

furnished the rebels in large amounts

from some person or persons in New

York. Nicaragua leads all the re-

publics of Central America in the

number of its upheavals. In the past

three years it has successively had

Zelaya, Madriz, Estrada and Diaz,

the present president, but unless we

forcibly aid Diaz against his ene-

mies he, too, will have to go. The

spectacle of American marines aid-

ing a president to maintain himself

against his own rebels is novel

enough even in these frequently re-

curring enmities among our south-

ern neighbors to attract attention

here, and to indicate that Washing-

ton must give it some serious notice.

And now it is said that baldness

is caused by bad teeth. It has long

been noticed by people who live at

restaurants that much of the lost

hair gets into the teeth, but this

was the first intimation that it was

blatant out.

Berlin received us all in state;

Showed statues, parks and castles

We visited each Paris shop,

And outfits bought of next year's

We saw the wall, le Temps, the

And joined the Marseillaise refrain.

And, oh, those Paris restaurants!

Those wondrous rest and pleasure

haunts!

Oh, what we didn't do and see

In beautiful and gay Paree!

We dared the choppy Channel rough,

And voted that one trip enough:

Recovered at the cry of land,

And recognized the English brand.

To London town we straightway

fared,

To see ten million sights prepared;

Took tea in famous Regent street,

And paid but tuppence for the treat!

We stared at windows full of gems

Ten million sights we saw, and still

The bogs, the skies, the jaunting

All these are dear to mind and heart.

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

NORTHWEST NEWS

FUMIGATE TRAIN ON GREAT WESTERN

ROCHESTER, Minn., Sept. 9.—Because Dr. Harry Wood, health officer here, happened to notice that Dennis Dermody, a worker in the harvest fields of South Dakota, on his way here for treatment for what he supposed was poison, really had smallpox, smoking car passengers on a Great Western train from the Twin Cities were given an extra "smoke" and some of them were delayed in reaching home.

The discovery was made by Dr. Wood as the train left Red Wing, and passengers who intended to alight at Goodhue, were forced to continue to Zumbrota, there to be vaccinated and fumigated.

ONE HUNDRED KILLED WHEN
MUTINOUS RUSSIAN ENGINEERS FIGHT WITH THE
CZAR'S INFANTRY

BERLIN, Sept. 9.—One hundred men were killed and twice that many wounded in a battle within the last day or two between a mutinous battalion of Russian engineers and a regiment of the czar's infantry, according to messages from St. Petersburg today. The mutineers surrendered after a desperate resistance.

Of the naval mutiny at Sevastopol the Russian government has succeeded in suppressing all details beyond the facts of the proclamation of martial law, the arrest of the naval judge and advocate for sympathizing with the mutineers and the minister of marine's statement that "the contagion of mutiny has spread to only a few ships."

JAPANESE HONOR SECRETARY KNOX

Head of U. S. State Department Cordially Welcomed in Flowery Kingdom

TOKIO, Sept. 9.—United States Secretary of State Knox was received here today with every appearance of the utmost cordiality. If it is true, as has been whispered, that Japanese officialdom regards his visit as an attempt by "dollar diplomacy" to commercialize the late mikedo's funeral, which the secretary is here to attend, there was no indication of it in the greeting extended to him.

The armored cruiser Maryland, with Knox on board, entered Yokohama harbor about 3 p. m. A distinguished company of Japanese government officials of the highest rank met the ship in a launch, welcomed the secretary warmly and accompanied him on the short journey by rail from Yokohama to the capital. Troops of cavalry escorted him from the wharf to the Shimbashi station in Yokohama and again from the Kyobashi station in Tokyo to the Imperial hotel.

The Maryland was escorted up the harbor by the Japanese battleship Fuji and the armored cruisers Owata and Tokiwa.

MICHIGAN WOMEN

PREDICT VICTORY

DETROIT, Mich., Sept. 9.—With complete political organizations in about fifty of the 83 counties in the state, and with hope of extending into every county before the November election, leaders of the Michigan state equal suffrage society today were enthusiastically predicting a sweeping victory for their cause. A state constitutional amendment providing for equal suffrage will be submitted to Michigan voters at the coming general election. The amendment was adopted by the legislature at the special session last February, and Michigan suffragists at once began actively to organize their forces for a thorough campaign. Governor Osborn, who approved the measure, has let it be known on several occasions that he was inclined to favor votes for women.

INTERSTATE COMMERCE COMMISSION HEARS COMPLAINT AGAINST WESTERN UNION COMPANY

WASHINGTON, Sept. 9.—The entering wedge for an investigation of telegraph rates by the interstate commerce commission was made today when a New York firm of fruit merchants complained to the commission against the Western Union Telegraph company, alleging that it fixes rates arbitrarily, discriminates by giving special rates on day and night telegrams, has obtained control of cable companies, thereby stifling competition and further discriminates by giving newspaper publishers rates that are only 25 per cent of what other business men pay. Now, Mr. or Mrs. Dyspeptic get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

Her sister, Madame Bakmeteff, wife of the Russian ambassador; her son, Edward Rea McLean and his wife, Mrs. Evelyn Walsh McLean, and her husband, the multi-millionaire newspaper publisher of Washington and Cincinnati, were at the bedside.

Mrs. McLean's death followed a sensational dash by Dr. Llewellyn Barker, noted expert on pulmonary diseases, of Baltimore. By wagon and motor he was rushed through the North Carolina woods to the railroad and then all records were shattered in a dash northward. Dr. Barker reached his patient too late.

CHRISTIAN SCIENCE TO UNDERGO NEW TEST WHEN MURDERER TAKES DEATH CHAIR

Bertram G. Spencer.

When Bertram G. Spencer, one of the most remarkable criminals of recent years, goes to his death in Massachusetts during the week of September 15 in the electric chair, Christian Science will be put to a new and startling test. Spencer, with but a few more days to live, is convinced that, through Christian Science, electrocution will be attended by neither physical nor mental suffering.

Criminologists have characterized Spencer as the living prototype of the strange character which Stevenson gave to fiction in "Dr. Jekyll and Mr. Hyde." A faithful shipping clerk by day, at night he became a murderous burglar. His last criminal act was the murder of Miss Martha B. Blackstone, a member of one of Springfield's oldest families.

TRIBUNE PICNIC

MUSICAL SUCCESS

Eats, Drinks, Music and a Ball Game Chase the Blues at Ferndale Blow-out

It was a big day yesterday. The Tribune picnicked in proper fashion at Ferndale, and although there are some creaking joints and stiff muscles today, everyone unites in declaring it was a memorable occasion. We hate to admit it, but the printers beat the editorial staff in the day's official game of indoor baseball, it took them eleven innings, and then they only won on a fluke. It was a fine game of ball, which started with a parade around the field by the members of the opposing teams, headed by the band. The score was 6 to 5.

Andre's band was one of the finest features of the day. They woke the echoes and all the late sleepers along the line of march from the Tribune office to the boat yesterday morning, and sounded reveille every time the boat passed a houseboat or cottage on the way up the river. Coming back they played all the way down, led by the boss with a soup ladle, and the excitement they created lined the wagon bridge with spectators when the party unloaded yesterday evening. Mr. Salzer's deer all took to the woods early in the day, when the band got going—all except old Nanny, who hung around and begged a chew of tobacco from the band boys.

Eatables and drinkables were in abundance. Under the competent supervision of Fay Willey, the bacon and eggs and "mulligan" were done to a turn, and the cold "vittles" disappeared so fast that within a few minutes from mess call the table looked like the path of a Kansas cyclone.

Carl Prinz, the committee, was everywhere at once. His round face beamed like a sun, and he didn't even leave his charges long enough to go fishing. That's a noble sacrifice for Prinz.

O frabious day!

AEROPLANE KILLS FOUR

RUNAWAY AIRSHIP DASHES INTO CROWD AND CUTS DOWN MANY OF THE SPECTATORS

GRAY, France, Sept. 9.—Of the 18 persons in hospitals from injuries received when Pierre Biard's aeroplane ran away with him and dashed among the spectators yesterday it is said two certainly will die. A man, a woman and a young girl were killed outright by the whizzing propeller and a boy was so badly hurt that he died soon afterward. Biard, who, though thrown from the machine was unhurt, is almost prostrated by grief. He is not blamed. The machine was beyond his control. The victims might all have escaped but for their confidence that the machine would rise before reaching them.

It is easier to tell who puts money into politics, however, than to discover who gets it out.

COMMITTEE WILL SETTLE DISPUTE

Decision of Street Improvement Committee Will Be Rendered Tomorrow Night

A meeting of the special street improvement committee of the city council has been called for tomorrow night to reach a decision relative to a settlement between the owners of property abutting on Vine street between Twelfth and Seventeenth, and the La Crosse Stone company, in regard to the size of stone used in the improvement of the street in question. The property owners claim that the rock used is not according to the specifications and that they will pay no street improvement assessments until the matter has been adjusted. A meeting of the special street improvement committee was recently held to hear evidence relative to the controversy.

Their decision will doubtless end the dispute which arose following the announcement of the board of public works that they would not pay the contractor for the work until the specifications were complied with. A compromise was reached between the board of public works and the contractor by which the rock would be crushed until it complied with the specifications, but the property owners claim that the contractor has not fulfilled his part of the work. Members of the board, however, appeared to be satisfied.

The committee will make a report to the city council Friday night and the council will take action on the matter.

Several other committees, including grounds, finance, buildings, judiciary, streets and alleys, fires and the board of public works, will hold meetings at the city hall tomorrow night.

RUDOLPH BRIEBACH DIES YESTERDAY

He conducted a butcher shop at 537 Main street for many years. Surviving him are his widow, one daughter, his mother, Mrs. Fred Briebach, and three brothers, Emil, Fred and Albert of La Crosse.

The funeral will be held tomorrow afternoon at 2 o'clock from the residence, 1128 Pine street, with Rev. Lemke officiating at the services. Burial will be made in Oak Grove cemetery.

GAYNOR WITNESS IN GRAFT PROBE

New York Mayor Is Star in Aldermanic Investigation of Scandal

WALDO IS DUE FOR GRILLING

Expect to Show that Police Commissioner Was Dupe of Advisers

NEW YORK, Sept. 9.—Because Mayor William J. Gaynor sent word that he was "tired" as the result of taking a vacation and was also engaged in very important matters in his office, the aldermanic committee which is to investigate the relations between the police and the underworld adjourned its inquiry today until tomorrow. The committee was on hand in the councilmanic chamber at 2 o'clock, the hour set for the inquiry to begin, but the mayor was not there. After waiting half an hour Attorney Buckner went down stairs and came back to state that the mayor would appreciate an adjournment until tomorrow. The mayor explained that he would not require a subpoena.

The mayor will be permitted to use his own judgment regarding how he shall testify and it has been generally agreed that two hour sessions at the most will prevail while he is on the stand. When Commissioner Waldo is called as the next witness, however, it is the intention of the probe to get right into the meat of the graft charges and it was generally conceded today that the young social leader will have some unpleasant hours before his story is complete. It is expected by the probe that they will be able to show that Waldo has been hoodwinked and duped throughout by his closest advisers.

There is an absolute understanding between the committee and Justice Goff and District Attorney Whitman. No witnesses who might gain immunity by testifying and none needed as principals or witnesses at the "John Doe" proceedings will be permitted to testify.

The resumption of the trial of Police Captain Hayes and the calling of the murder charge against Police Lieut. Becker before Justice Goff on Thursday will divide interest with the aldermanic investigation this week. Captain Hayes will be on the stand again tomorrow and while it is generally conceded that he will be convicted and broken, there is plenty of betting that the courts will later interfere and reinstate him. The Becker trial will offer peculiar sidelights for a New York court. Elaborate precautions will be taken to limit the attendance and where persons are unknown they are to be searched for weapons by the officers at the doors.

Mr. Dewey leaves next week for Chicago, where he will attend an evangelists' convention at Moody institution.

Surviving her are six daughters, three sons, three sisters and one brother. The remains will arrive in La Crosse from Minneapolis this evening. Funeral arrangements will be made later.

NIEMEYER WINS THE COLMAN CUP

Defeats George W. Burton 1 Up in Eighteen Holes After a Great Match

By defeating George W. Burton 1 up in 18 holes in the final match at the Country club Saturday afternoon, Emil Niemeyer won the golf tournament for the Colman cup. The final match Saturday was one of the most exciting which has ever been seen here and Niemeyer did not win until the last hole when he won out in the eighteenth hole when the score was a tie.

The game was close and exciting to the finish and much skill was shown by both players. On his second shot Mr. Burton sent the ball into a ditch filled with water and this handicapped him greatly. However, he made an excellent shot, driving the ball up to within sixteen feet of the hole and the spectators gave him a lot of applause for his wonderful work. While it required five shots for Mr. Burton to finish, Niemeyer got through in four.

Mr. Burton experienced some difficulty on the eighth hole as he drove the ball into the bunker and while Niemeyer made it in five shots Mr. Burton took seven. Mr. Burton had the same trouble on the second nine holes as it took him eight shots to finish, while Niemeyer made it in six.

Playing a great game although he was three behind at the end of the first nine holes, Mr. Burton came within one of tying the score at the end of the sixteenth hole which he made in three strokes. Niemeyer won the next hole and the players were even at the beginning of the eighteenth hole. Niemeyer won out by winning the eighteenth hole.

By winning out in the finals, Niemeyer gets possession of the Colman cup for one year but had Mr. Burton won Saturday the cup would have become his permanent property as he won twice before.

Score:
Niemeyer—Out . . . 734447454—42
Burton—Out . . . 655548264—45
Niemeyer—in . . . 544456474—43
Burton—in . . . 543445485—41

SAYS T. R. BEGS AID

SENATOR REED GIVES PUBLICITY TO LETTER FROM COLONEL ASKING HELP FROM A TRUST

CHICAGO, Sept. 9.—Charges that Col. Roosevelt does not "treat the money of big business with the same lofty scorn with which he discusses its works," were made by Senator James A. Reed of Missouri in a statement issued today from national democratic headquarters here. Mr. Reed said:

"While proclaiming himself the enemy of big business, the third term is financing his campaign by levying contributions from big business and giving direct pledge of political subservience hereafter to be rendered. In a letter sent to the head of a great industrial plant of the west, not long ago charged with being engaged in a conspiracy in restraint of trade and with having violated the criminal statutes of the United States, the progressives ask for a \$500 contribution because the progressive party offer 'rational, constructive charter of business property.'"

Reed also made public a copy of the letter.

RAYMOND MURDERED?

CORONER'S PHYSICIAN SAYS ONCE FAMOUS PITCHER DIED FROM BLOW ON THE HEAD

CHICAGO, Sept. 9.—That "Bugs" Raymond, one time star pitcher, who died here Saturday, was murdered, was the opinion expressed today by Coroner's Physician Springer, who examined the body. The doctor declared Raymond died of a cerebral hemorrhage caused by a blow on the head. It was learned that while playing semi-professional ball in a suburb two weeks before his death "Bugs" got into an altercation with an opposing player who struck him on the head with his bat. His skull was fractured.

The police are searching for Raymond's assailant.

NONCOMBATANTS HANGED

EAGLE PASS, Tex., Sept. 9.—Intolerable conditions in two-thirds of Mexico today is causing another big exodus of Americans and even native refugees continue to come here. They brought stories of non-combatants hanged in large numbers during the last few days from the Torreon district, where martial law has been proclaimed.

Rebel bands are operating on the Mexican side of the border, all the 500 miles between Eagle Pass and El Paso. Several American owned ranches on the Mexican side were raided and cattle and horses driven off. An attack by the rebels on Piedras Negras is expected daily.

FIRE ATTACKS HOTELS

MENNEAPOLIS, Sept. 9.—Morris Johnson was suffocated to death by smoke, eight others were overcome and more than 100 guests, many of them half clad, fled to the street or were assisted out by firemen in a fire which started from a gasoline explosion in a garage, spread to two Washington avenue hotels and menaced two other nearby hostels early today.

WILSON PLANS TO INVADE THE WEST

Democratic Nominee Plans Extended Tour of the Middle Western States

NEW YORK, Sept. 9.—Governor Wilson intends to strengthen his fences in the middle west. At democratic headquarters today, following an extended conference between the presidential candidate and his managers, it was admitted that his western trip to open September 17 at Sioux City, Iowa, will be extended. Just how far has not been learned, but it is known that St. Paul, Minn., will be one of the cities visited. It was not stated whether he will go on the trail of Roosevelt to the Pacific slope, but it is understood that this western trip will be followed by another and longer one.

Wilson was fairly mobbed by hundreds of enthusiasts when he opened the tariff exhibit in Union square today. So big was the crowd that an overflow meeting had to be held in the square, the candidate using the bandstand as a rostrum.

At both meetings he discussed the effect of the tariff on the high cost of living.

Late this afternoon a revised schedule for the candidate was issued. Duluth was not included in this as the visit to that city was reserved for the next western trip. The revised dates for next week's trip was as follows:

Sioux City, September 17; Minneapolis and St. Paul, 18; Detroit instead of Milwaukee, 19; Columbus, 20; Pittsburgh, 21 (two speeches); Scranton, Pa., 23. It is likely that Milwaukee will be assigned a date for the second trip to replace the one changed by the new deal.

BURDICK TAKES CHAMPIONSHIP

By scoring 214 out of a possible 250, Sol Burdick won the championship of the La Crosse Sharpshooters' club in a match at French Island yesterday. The sharpshooters used targets 200 yards distance and shot off handed. The scores were:

Theodore Kienahs, 202; George Ott, 188; Theodore Locke, 179; S. Burdick, 214; J. Rusche, 209.

Before the opening of the match the victory was conceded to lie between Rusche and Burdick. Mr. Burdick today declared that he will challenge any rifleman in the city for a match to be held at the Sharpshooters' club.

ETTOR TRIAL DATE SET

LAWRENCE, Mass., Sept. 9.—Joseph J. Ettor and Alturo Giovannitti, held in jail since January on charges of complicity in the killing of Annie Lopizzo, and another striking textile operative, during a clash between police and strikers here last winter, will go to trial in the Salem court on September 30 if the court agrees. This date was agreed upon today during a conference between counsel for Ettor and Giovannitti and the district attorney of Essex county.

STRAUS KEEPS CHAIR

NEW YORK, Sept. 9.—Oscar S. Straus will remain as chairman of the board of arbitration which will settle the wage dispute between the engineers and the railroads in the eastern trunk railways, it was announced by the arbitration committee today.

MAINE ELECTION IS ON

PROGRESSIVES AND REGULAR REPUBLICANS COMBINE TO DEFEAT DEMOCRATIC STATE TICKET

PORTLAND, Me., Sept. 9.—The expected early rush to the polls failed to materialize and the early hours of the election which was generally believed to be the most momentous in the history of the state were uneventful. Shoulder to shoulder members of the progressive organization and the regular cohorts worked for the election of the republican state ticket. As the polls close they will line up as bitter enemies, but today they attempt to defeat the democratic state ticket, up for re-election.

Both William T. Hines, the republican candidate for governor and Gov. Frederick Plaisted issued statements declaring they were sure to win.

Toward the late forenoon, the apathy which had marked the opening was dispelled, the voters coming out in great numbers as the day advanced.

LITTLE ROCK, Ark., Sept. 9.—Interest in today's election centered chiefly around nine propositions submitted under the initiative and referendum law.

The state-wide prohibition and recall of officials is assured of overshadowing everything else, although for the negro voters the proposition which accomplished negro suffrage came in for first consideration. Democratic opposition is said to forecast its defeat today. The recall is in doubt. Six constitutional amendments of local significance are the other propositions being voted upon.

The primary purpose of the meet tonight is to make arrangements for the coming of Governor Hiram W. Johnson of California, bull moose candidate for vice president.

Roosevelt's running mate will be here September 12, the coming Thursday, it was announced. Other matters connected with the organization of the third party in this vicinity will be taken up at tonight's meeting, and a representative attendance of those interested in the Roosevelt candidacy is expected. The meeting is called for 8 o'clock.

GEN. MACARTHUR IS BURIED TODAY

MILWAUKEE, Wis., Sept. 9.—Marked by extreme simplicity, an utter absence of pomp which might have appropriately accompanied the services, the funeral of Lieutenant General Arthur MacArthur was held today at his home in this city. Rev. Paul B. Jenkins read Wordsworth's "The Happy Warrior." The soldier's body was dressed in civilian clothes and an American flag was draped about the casket.

CHILD RUNS AWAY TO AVOID SCHOOL

Running away from home to avoid the children's terror—the school house—a 12 year old girl Saturday was the object of much attention from passengers on the Northwestern train from Milwaukee to Sparta. The little girl, who refused to reveal her identity, admitted to the conductor that the opening of the school season had determined her to run away and that official promptly put her on a return train with orders to turn her over to the Milwaukee authorities. According to police officials in Milwaukee between forty and fifty young girls have been reported as "missing" since school started. The girl had financed her expedition with a small savings bank and to the members of the train's crew explained that she was going "just nowhere."

BIWIAK, Minn., Sept. 9.—A report that the two men imprisoned in the Ruddy mine, who may be still alive, had been found was expected at any moment today. The hope of finding the men alive, however, was fast vanishing as the workmen drilled near to where the men are supposed to be and no answers to their constant signals was received.

Chicago Grain Review
CHICAGO, Sept. 9.—While northwestern wheat receipts did not come quite up to expectations today the general situation was bearish enough to give the market a heavy tone. Liverpool cables ruled lower, with Manitoba offers pressing, heavy world's shipments and increasing movement of grain from Russian fields were the depressing factors.
Corn futures were a bit off at the opening but later ruled stronger. Trading was quiet.
Oats held steady with car shortage and a disposition of the farmers to hold on to their grain to sustain influences.
Provisions steady.

NEW CITY CHAMPIONS

La Crosse Athletics, who yesterday defeated the La Crosse Clothing company, claimants of the title of City Champions. The Athletics took two out of three games from the Clothiers.

From Left to Right—Meinert, Coughlin, Walters, Frederickson, Fuchsel, Childers, Kuehn, Kabat, Neiter, Evenson, Mgr., Hackner, Gullickson, Anderson, Kircheis, Capt.

WATCHING THE SCOREBOARD

By defeating the Cubs three times, the Reds have materially assisted the Giants, New York's lead today is 8½ games.

The Pirates hammered the Cardinals. Neither Bresnahan or Clarke could find a pitcher who would not explode when he stepped on the mound.

Cobb and Crawford both tripled and the Tigers pounced upon the Browns in their final appearance in Detroit this season. Ty Cobb and Tris Speaker have both passed the 300 base hit mark.

CHICAGO—The funeral of "Bugs" Raymond, one time National league star, was held today. His teammates on the Chicago United States league club acted as pall bearers.

SCHULTE SUSPENDED BY MANAGER CHANCE

CHICAGO, Sept. 9.—Opinions differed here today over the suspension in Cincinnati last night of Frank Schulte, the Cubs slugging right fielder. Schulte is said to have violated the temperance clause of his contract. He was suspended for the rest of the season. Many believe the action of Chance was ill-timed, but more assert that Schulte needed disciplining and since the pennant race is practically over as far as the Cubs are concerned, Chance's action was for the best.

ATHLETES WIN THE CITY TITLE

Clothiers Beaten 11 to 1 in Deciding Game of the Championship Series

BARTELS IS SLAMMED HARD

"Dictators" Pitcher Hit for Ten Bingles; Anderson Allows Four and One Is Scratchy

Slamming Bartels' curves in time-fashon, the Athletics gave the La Crosse Clothing company a decisive beating to the tune of 11 to 1 in the deciding game of the city championship series at League park yesterday afternoon before a crowd of about 475 fans. Yesterday's victory gives the Athletics the city championship.

Although the Clothiers got the jump on their opponents by scoring the first run in the third round on a pass and a two base hit, the Athletics came right back in their half. They counted three runs and from that time on they kept increasing their lead. Bartels' delivery was pounded unmercifully, and this combined with six errors by the former "dictators" helped the Athletics to win an easy victory and the championship.

Anderson Comes Back

Anderson, the Athletics' star twirler who shut out the Clothiers last Sunday, came back and was just as effective as he was a week before. He pitched a wonderful game throughout as is shown by the fact that the Clothiers could hit him safely but four times, one of these swats being a scratch. Except for the third inning the Clothiers couldn't come close to scoring on him and his twirling was one of the features of the day.

By reason of their victory over the Clothiers yesterday, the Athletics have a clear title to the city championship. Their playing yesterday clearly demonstrated that they have a championship team. Hackner did some great baserunning, stealing second and third bases twice during the day.

The Athletics lost no time in winning the game after the Clothiers had counted. In their half of the third the Athletics counted three times when Kircheis was hit by Bartels and went all the way around when the Clothiers made a wild throw on Gullickson's sacrifice. A single and double following this sent in two more runs. Three clean hits scored two more for the Athletics in the fifth while several errors combined with hitting netted three more in the sixth. The Athletics scored their last three runs in the eighth on some more clouting. The score:

NATIONAL LEAGUE

Cincinnati 10; Chicago 8

CINCINNATI, Sept. 9.—It took almost two hours and a half for the Cubs to lose a seven-inning game to Cincinnati, 10 to 8 yesterday. Batteries: Madden, Summers, Richie and Cotter; Benton, Gregory and Clarke.

Pittsburg 12; St. Louis 8

ST. LOUIS, Sept. 9.—The Pirates made it four straight over the Cardinals by winning yesterday, 12 to 8. The game was a farce from the very start, when the Pirates counted eight runs on eight hits and two errors. Konetchy made one hit. The score:

Pittsburg	R	H	E
St. Louis	8	12	6
Pittsburg	12	15	1

Batteries: O'Toole, Hendricks, Cannitz and Simon; Steel, Woodburn, Griner and Wingo.

AMERICAN LEAGUE

Detroit 2; St. Louis 1

DETROIT, Sept. 9.—The Tigers took a squint at an extraordinary good lefty yesterday and won from the Browns on two passed balls, 2 to 1. Wellman is the name of the youth Manager Stovall showed them. Both Detroit runs scored on passed balls. Score:

St. Louis	1	6	2
Detroit	2	7	1

Batteries: Wellman and Alexander; Willett and Koehler.

Cleveland 5; Chicago 2

CHICAGO, Sept. 9.—The Naps hit Walsh hard in the first two innings yesterday and beat the White Sox, 5 to 2. Walsh settled down after the second and pitched gildedged ball. Mitchell allowed the Sox but five hits and they were scattered. Score:

Chicago	2	5	3
Cleveland	5	8	3

Batteries: Mitchell and Carisch; Walsh and Kuhn.
